SUMMARY

Motivated and detail-oriented aspiring Data Analyst with hands-on experience in Excel, SQL, Power BI, and data visualization. Skilled in creating interactive dashboards, analyzing business data, and generating actionable insights. Strong understanding of data cleaning, reporting, KPI tracking, and business intelligence concepts. Passionate about transforming raw data into meaningful information to support data-driven decision-making.

EDUCATION

Himalayan Institute of Technology and Management, Lucknow

Bachelor of Technology (B.Tech)

Expected Graduation: 2027

PROJECTS

Executive Sales Analysis Using Excel and Power BI

- Developed an interactive sales analytics dashboard to monitor business performance and key sales metrics.
- Analyzed sales trends, revenue growth, and customer purchasing behavior using Excel and Power BI.
- Created KPI cards, bar charts, line charts, and slicers for dynamic reporting.
- Performed data cleaning and transformation using Power Query.
- Built DAX measures to calculate sales performance indicators and business metrics.
- Improved reporting efficiency by converting raw sales data into an easy-to-understand dashboard.
- Generated actionable insights to support management decision-making.
